

TECHNICAL BULLETIN

HOT SHINE™ TIRE FOAM

Our new foam technology breaks clear on the tire (with no milky mess) leaving a deep, black, rich shine. In one easy step, the thick, luxurious foam coats the tire, quickly penetrates, lifts and releases dirt and road grime leaving behind an even, rich shine.

- Part #:** G-13919
- Packaging:** 19 OZ - 6 per case
- Features:**
- Fast and easy – cleans, shines and protects
 - Foam breaks clear with no milky mess!
 - UVA/UVB protection against the sun
 - Just spray on and walk away

pH: 7.5

Paintable: No

Dilution: RTU (Ready to use)

Application Method: Spray on

Directions: Apply to a wet or dry tire in a well ventilated area. 1. Hold can 4 to 5 inches away and spray onto tire in a uniform pattern. 2. Foam will dissolve to an even, deep black, “like new” shine. Do not apply to painted surfaces or plastics. **DO NOT USE ON MOTORCYCLE OR BICYCLE TIRES.** Take care with use as product may stain driveways. Wipe off overspray on any surface other than the tire. If necessary, remove spin off from plastic and painted panels to avoid staining.
