

ATTENTION: Refer to the appropriate shop manual for your vehicle to obtain specific service procedures for this part. If you do not have a service manual or lack the skill to install this part, it is recommended that you seek the services of a qualified technician. Pay special attention to all cautions and warnings included in the shop manual. Read and follow all instructions carefully. This product is only designed to function properly on specific vehicle applications. Please verify that the vehicle requirements match the product specifications and application notes for this part.

REMOVAL/INSTALLATION OF KEYLESS ENTRY REMOTE (13719)
Buick 2008, Cadillac 2007, Chevrolet 2012–07, GMC 2012–07, Pontiac 2009–07

Programming Instructions

Disclaimer: All currently programmed and new remotes must be reprogrammed to vehicle. Please have in hand at time of programming.

Use this procedure for vehicles with Drivers Information Center Buttons

This procedure will erase all previously learned transmitters. Therefore, they must be relearned as additional transmitters (STEP 5).

This information is in your Owners Manual in the Drivers Information Center Section

STEP 1: Insert Key and turn to ON position so you can access Drivers Information Center.

STEP 2: Press the vehicle's information button until PRESS TO RELEARN REMOTE KEY displays.

STEP 3: Press the set/reset button until REMOTE KEY LEARNING ACTIVE displays.

STEP 4: Press and hold the lock and unlock buttons on the first keyless remote at the same time for approximately 15 seconds. A chime will sound indicating that the remote is programmed.

STEP 5: To program additional remotes at this time, repeat Step 4. This vehicle can have a maximum of eight remotes programmed.

STEP 6: To exit programming mode, turn key off and remove key. Test remote(s).

Disclaimer:

Even though every attempt is made to ensure this information is complete and accurate, it is impossible to account for all possible circumstances or situations. Please consult with a qualified auto technician before attempting to perform any work you are not qualified to do. Automobiles can be hazardous to work on; be sure to take all necessary safety precautions. Failure to do so may result in property damage or personal injury. Certain motor vehicle standards and performance requirements may apply to your motor vehicle (such as Federal Motor Vehicle Safety Standards by the National Highway Traffic Safety Administration). Be sure that your work is performed in accordance with such standards and that you do not disable any motor vehicle safety feature.

Use this procedure for vehicles without Drivers Information Center Buttons

To access this display, the vehicle must be in Park (P) with key in the on position (as far as you can go without cranking the engine).

STEP 1: Press the trip odometer reset stem until RELEARN REMOTE KEY displays.

STEP 2: Press and hold the trip odometer reset stem for three seconds. The message REMOTE KEY LEARNING ACTIVE will display.

STEP 3: Press and hold the lock and unlock buttons on the first keyless remote at the same time for approximately 15 seconds. A chime will sound indicating that the remote is programmed.

STEP 4: To program additional remotes at this time, repeat Step 3. This vehicle can have a maximum of eight remotes programmed.

STEP 5: To exit programming mode, turn key off and remove key. Test remote(s).
